Part III

Part II

This is the line of cut

Part I

Base (pcb would be mounted) on it

Part IV

Slot for USB

Side Cover

Part I

Base

Flip

Screws to hold part III

Part II

Part III

Aditya

Ranap Rananjay ++ → Part II
Ashwini + → Part I
Chatur → Part IV
Vishal + Aryan → Part III
Shravana → To keep track of all
the dimensions used.

Aditya → Make a prototype of pcb
so that we can see if
it fits properly. Doesn't
need to be good looking, just
external dimensions need to
be correct.

Ravi + Satyendra → Work on interlocking
methods and come up
with a good-to-go model.
The sooner the better.
